

Eagle Butte School District	NEPN Code: EBC
Policy Manual	

EMERGENCY PLANS

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff; it also strengthens the morale of all concerned to know that preparedness plans exist and that students and staff have been trained in carrying out the plans.

The Superintendent and BIE School Supervisor will develop a Continuing Operations Plan (COOP) and the Superintendent is responsible for the development of an Emergency Operations Plan (EOP) for the Eagle Butte School District campus, containing emergency plans that meet the requirements for preparedness in case of fire, civil emergencies, and natural disasters, along with a record showing the dates and times of drills conducted.

The Emergency Operations Plan (EOP) for the Eagle Butte School District, as an annex of the COOP, for the district facilities will be the official guide for the district in case of fire, civil emergencies, and natural disasters. All personnel and students will follow policies and procedures set forth in the guide.

Building principals will meet all requirements for conducting fire and emergency drills to give students practice in moving with orderly dispatch to designated areas under emergency conditions, and the staff practice in carrying out their assigned responsibilities for 20-1 facilities evacuation, and will file with the Superintendent a record showing the dates and times of drills conducted.

Adopted: April 14, 2014
