

Eagle Butte School District	NEPN Code: EEAB
Policy Manual	

SCHOOL BUS SCHEDULING AND ROUTING

The 20-1 and BIE transportation supervisors will conduct studies of bus routes to provide the safest, shortest routes that will get all children to school in the most economical way. District 20-1 routes will be arranged in such a way as to equalize as nearly as possible the length of routes and bus loads, and to provide for the full use of buses.

Except when necessary on a temporary basis due to weather, road conditions, or unforeseen mechanical issues, no official bus route will be extended or changed without Board approval. Before recommendation to the Board, the proposed extension or change will be reported to the transportation office, which will verify that the extension or change has been checked to determine whether it meets all regulations pertaining to safety, efficiency, and economy.

Buses will not go off the main route to pick up children. Children will not be put off the bus until reaching their destination. Bus drivers will take precautions in order that students may be safe after getting off the bus during severe weather. Bus drivers may alter their route during severe weather as necessary in order that all students may be safe.
