Policy Manual	

FOOD SERVICES MANAGEMENT

The Board considers the practice of serving food at school primarily a convenience for parents, children, and school management; secondarily as a means of encouraging good health habits.

The school system will operate a school lunch program in each school, which will be under the supervision of the cafeteria supervisor.

The cafeteria staff in each school will be directly responsible to the district cafeteria supervisor of that facility, but will cooperate with the Superintendent or BIE School Supervisor of the school in matters essential to the proper functioning of the food services program. The responsibility for control of students using the cafeteria will rest with the building principal, who may assign appropriate staff to provide supervisory control.
