

Eagle Butte School District	NEPN Code: JFEE
Policy Manual	

PARTICIPATION IN WORK STUDY PROGRAMS

The Board recognizes the value of off-campus work study programs, such as job shadowing and internships, for educational and training purposes. The school will work with students and community entities to create voluntary work study programs for participation of interested secondary education students.

To participate, all parents or legal guardians and students must be fully notified of the work study program requirements and agree to eligibility outlines established by the school.

School administration will be responsible for drafting regulations and/or guidelines to implement this policy.

Adopted: April 16, 2015

Revised: July 17th, 2023
